

## Glue-it-Yourself Designer Clasps

# Leaf

A graceful leaf glistens with 22 crystals you glue-in to create a shimmering elegant closure. Mix crystal colors to reflect the seasons or try crystal AB to sparkle like dew.

Select from our extensive inventory of Swarovski® crystal. Buy what you need or keep several crystal colors and clasps on hand so you can design whenever you're inspired.

Available in three highly polished nickel-free plated finishes: gold, rhodium and ruthenium.

*Ideas to inspire...*

Leaf clasp with WireLace using two crystal colors

Clasp style: Leaf  
 Skill level: easy  
 Time approx: 15 minutes  
 Crystals to glue: 22

Size: 20x16mm  
 Strands: 1  
 Nickel-free plated finishes:  
 • gold  
 • rhodium  
 • ruthenium

Crystals needed (foil, pointback):

QTY	SIZE	SHAPE	SWAROVSKI® STYLE #
22	PP 10	chaton (round)	1028

**Tools needed:**

- jewelers tweezers (see helpful hints below)
- 2-part all purpose 5-minute or longer epoxy, clear drying.

**How to:**

- Mix glue per instructions.
- Apply a small amount in the recessed areas on the clasp. Set in crystal and adjust to make sure crystal is level.

**Helpful hints:**

- Instead of tweezers, use a toothpick with a tiny bit of museum putty, tact-it putty, or natural bee's wax rolled on the tip. It will stick to the crystal so you can position it and releases easily.
- Try a head pin to apply glue for easier application to small areas.
- If you get glue on the crystals or clasp, dampen (squeeze out all excess) a Q-tip in isopropyl alcohol to remove. This only works if the glue has not set.
